

DEPENDENT VISA REQUEST FOR SPOUSE OR CHILD F-2 visa (DS-2019 or I-20)

This form must be submitted to the Hampton University International Office with proof of adequate funding to support the accompanying family members, and a copy of the dependent(s) passport ID page(s). For students, we will need to see at least the following amounts, above the amount of your annual expenses, as listed on your I-20 form or your DS-2019 form:

Spouse: \$5,000 per year

Each child: \$3,500 per year

For researchers or faculty members funded by Hampton University, this evidence would simply be a copy of your current DS-2019 form. For those with personal funds (not college-funded positions), this would be copies of bank statements from the past three months, indicating an average balance sufficient to support the family members coming to the U.S. For those funded by an outside institution or agency, this would be a letter verifying the amount of the funding. For graduate students, your annual stipend may not provide sufficient excess funds to support a family member, so you would have to provide a personal bank statement. The Hampton University International Office strongly recommends a waiting period for graduate students of at least six months before your dependent(s) come to the U.S. Through experience, we have found that the financial burden and added stress can jeopardize a student's success at Hampton University.
